

Are you struggling to find professional agricultural staff?

Many employers in the agricultural sector are finding it increasingly difficult to recruit agricultural professionals these days, mainly due to the critical skills shortage in South Africa.

So how do you find the qualified, skilled staff that you need?

- Have access to an extensive database of skilled agricultural professionals.
- Speak to qualified agricultural professionals who know how to help you.

AgriVAS is a **specialist agricultural** recruitment agency. Our staff with both their experience and qualifications in agriculture have the insight and understanding to evaluate the specific needs and challenges associated with recruiting for your agribusiness. This, along with our rapidly growing database of hundreds of job seekers, allows us to source candidates for you quickly and efficiently.

All of our short listed candidates are **carefully** screened and reference checked to ensure your complete peace of mind. We will also provide you with

- Risk free, no-obligation service
- A money-back guarantee
- The best value-added service at the lowest cost

If you think you will need a new member of staff in the next 6 months – please email us now for our exclusive **free guide** to the recruitment process.
